About *Harvest Moon: One World*

A New Harvest Moon with Global Appeal! Take a trip around the world in the latest entry in the long-running Harvest Moon series! You'll ride camels across the deserts of Pastilla, venture deep into the snowy mountains of Salmiakki, and even visit a volcano near the cozy mountain town of Lebkuchen!

Can you imagine a world without cabbage, tomatoes, or even carrots? Believe it or not, that's the world you'll find yourself in at the beginning of Harvest Moon: One World, as the Harvest Goddess, the queen of crops herself, has vanished...

However, before the Harvest Goddess disappeared from this world, she imbued the tiny Harvest Wisps with the knowledge of various seeds, thus ensuring the various fruits and vegetables of the world would not be lost. Using the power given to these Harvest Wisps, you'll unlock various seeds as you progress through the game! But the Harvest Wisps can be tricky to find, as they all appear at different times and places. You'll need to use your noggin to make sure you seek out as many of them as you can!

- Explore 5 unique and colorful areas: the sprawling grasslands of Calisson, the gorgeous beaches of Halo Halo, the searing desert heat of Pastilla, the cozy hills of Lebkuchen, and the snowy mountains of Salmiakki!
- Play as a boy or a girl and woo one of 5 handsome bachelors and 5 beautiful bachelorettes, each with their own unique personality and backstory!
