**Brand-New Harvest Moon game Harvest Moon: Echoes of Teradea is Coming to Switch 2, Switch, PlayStation 5, Xbox and PC**

*Key Features Reveal a Vibrant World, Legendary Guardians, New Love Interests, Exploration Abilities And More!*

**Burlingame, CA. – March 11, 2026** – [Natsume Inc.](https://www.natsume.com), a worldwide developer and publisher of family-oriented video games, today announced *Harvest Moon: Echoes of Teradea*, the next entry in the *Harvest Moon* franchise, is coming to Nintendo Switch 2, Nintendo Switch, PlayStation 5, Xbox Series X|S and PC (Steam).

The mist of the Forest of Echoes now covers the land of Teradea, and outside of Bloomfield Village where you were raised, wild wolves appear at night. There are even rumors of a large guardian wolf that rules them all...but you and your best friend are about to change that!

Throwing caution to the wind, you'll set out on a mission to tame those wolves and end up unlocking a journey far greater than you imagined. Help the Guardian Spirits to revive and revitalize Teradea! Visit the port village of Tidewind to uncover what's causing the storms there. Trek to the mining village of Quarrytop to get to the bottom of the mystery of the earthquakes

that are happening. Then, stay in the once-thriving town and cultural center of Maplehill to revive its fading light and community.

Between your travels, tend your farm, raise animals, harvest crops, and build a life for yourself. Guided by the Harvest Goddess and aided by the friends you'll make in each of the villages, you'll find new ways to grow, explore, and lend a hand wherever it's needed. As friendships deepen and the seasons pass, the truth behind the mist will slowly come into focus. With the support of those you've helped — and those who stand beside you — you may discover a way to lift the veil from the Forest of Echoes and let Teradea flourish once more!

### Key Features:

- **Ten New Love Interests:** Woo five all-new bachelors and five all-new bachelorettes! Marry whoever your heart desires!
- **New Exploration Abilities:** Jump to hidden locations and climb ladders and vines to reach new heights and gather resources.

- **Animal Companion System:** Bring your pets and animals on the road to adventure together! Each animal companion and mount has special abilities to help you explore uncharted territory.
- **Untamed Wilderness:** Evade and escape wild animals like wolves, bears, and tigers! Keep your wits about you and don't let yourself get caught, or you'll lose items you've collected and end up back at your farm!
- **Island Life:** Obtain nautical charts to locate remote islands to treasure hunt and befriend rare animals that you won't find on the mainland.

- **Make Everyone Happilia:** Help villagers and contribute to the development of Teradea to gain Happilia!

“We are excited to show off more of the new features of *Harvest Moon: Echoes of Teradea* over the coming months,” said Hiro Maekawa, President and CEO of Natsume. “We have special pre-order bonuses and editions planned that *Harvest Moon* fans and newcomers alike will love adding to their collections. Stay tuned to learn more about the mysterious Guardian Spirits of Teradea, new gameplay mechanics, and more!”

### **About *Harvest Moon*:**

The first game in the series was released in North America in 1997 and has continued to see a steady rise of popularity and players, making it one of today's most beloved franchises. *Harvest Moon* is revered for being a non-violent, family-oriented game for everyone, and there have been more than 30 games released in the series.
